COFFEE

We use a local expert coffee roaster to supply all of our coffees. He has blended together a mix of the finest Arabica coffee beans to give a great balanced flavour. It has the rather unglamorous name of Formula 6, but the taste is very glamorous and speaks for itself. Our LaSpaziale coffee machine is checked throughout the day and fine tuned to ensure that it is producing the optimum coffee taste.

TEA

Our tea is brought in by an importer who works only with producers that are members of the Ethical Tea Partnership. This means that all workers involved in the process receive a fair wage for their work. It is worth noting that the Ethical Tea Partnership have much higher standards than, for example, 'Fairtrade'.
